Meghan and Colin Jacoby have never questioned their uncle's only rule to live by—never stay in one place for too long. Instead, they've traveled the countryside with him in his travel trailer, moving from place to place for nearly thirteen years never having a reason to question why he chose this unsettled life—until now.

All they've come to know is about to change in this fast-paced, action-packed saga that blends the modern-day world with the enchantment of a classic fantasy adventure.

Through an unexpected series of events and strange encounters, they enter a foreign world that straddles their own—one of new friends, magical mysteries, and spellbinding twists that send them on dangerous missions and facing

deadly enemies that are only supposed to exist in the world of make believe.

But as these encounters and events get stranger and scarier and become all too real, the true quest reveals itself and the adventure will take on a whole new meaning—to unravel the mysteries about their past and revealing why they have to stay on the move, as well as discover where they truly belong and if there's such a thing as a place called home.

Praise for Awaken:

"Wow. Just wow. This was a book I desperately wish existed when I was a young teen. Not only was it an amazingly well-written story, but it reminded me of other great fantasies I have read. Reminiscent of books like *Something Wicked This Way Comes*. The ending blew me away and left me wanting more. I can't wait to read the second book!" - *A Girl and Her Kindle*

"This enjoyable teen read mixes suspense and action with funny elements and serious parts. I look forward to seeing where the series goes...in many senses of that word. *To know what I'm getting at, read the book.*" -*The Paisley Reader*
