Download online boek Nederlands Heroic Failure Fintan O'Toole , 'There will not be much political writing in this or any other year that is carried off with such style' *The Times*.

In exploring the answers to the question: 'why did Britain vote leave?', Fintan O'Toole finds himself discovering how trivial journalistic lies became far from trivial national obsessions; how the pose of indifference to truth and historical fact has come to define the style of an entire political elite; how a country that once had colonies is redefining itself as an oppressed nation requiring liberation; the strange gastronomic and political significance of prawn-flavoured crisps, and their role in the rise of Boris Johnson; the dreams of revolutionary deregulation and privatisation that drive Arron Banks, Nigel Farage and Jacob Rees-Mogg; and the silent rise of English nationalism, the force that dare not speak its name.

He also discusses the fatal attraction of heroic failure, once a self-deprecating cult in a hugely successful empire that could well afford the occasional disaster: the Charge of the Light Brigade, or Franklin lost in the Arctic. Now failure is no longer heroic - it is just failure, and its terrible costs will be paid by the most vulnerable of Brexit's supporters, and by those who may suffer the consequences of a hard border in Ireland and the breakdown of a fragile peace.
