Download online boek Nederlands No God But God Reza Aslan , *Ten years on from 9/11, much of the Muslim faith remains largely unknown and misunderstood in the West.

*While there have been a number of successful books on the topic of Islamic history - from Karen Armstrong's *Islam: A Brief History* to Bernard Lewis's *The Crises of Islam* - there is surprisingly no book for a popular audience about Islam as a religion, let alone one by an author from an Islamic background.

**No God But God* fills that gap, addressing issues of belief: the difference between the Quran and the Bible, the meaning of the Hajj, the Muslim relationship with Jesus, the Muslim attitude towards Jews, equality between the sexes and more.

* This revised and updated edition includes a wealth of new material and new chapters covering recent uprisings in Tunisia, Egypt and Libya; the changing face of Islam in Europe and North Africa; and a number of topics of heated debate (the veil controversy; Islam & women; Iraq War as a Jihadi recruiting agent etc).
