Download online boek Nederlands The Amazing Liver & Gallbladder Flush Andreas Moritz , In this revised edition of his best-selling book, formerly The Amazing Liver Cleanse, Andreas Moritz addresses the most common but rarely recognized cause of illness - gallstones congesting the liver. Twenty million Americans suffer from attacks of gallstones every year. In many cases, treatment merely consists of removing the gallbladder, at the cost of \$5 billion a year. But this purely symptom-oriented approach does not eliminate the cause of the illness, and in many cases, sets the stage for even more serious conditions. Most adults living in the industrialized world, and especially those suffering a chronic illness such as heart disease, arthritis, MS, cancer, or diabetes, have hundreds if not thousands of gallstones (mainly clumps of hardened bile) blocking the bile ducts of their liver. This book provides a thorough understanding of what causes gallstones in the liver and gallbladder and why these stones can be held responsible for the most common diseases so prevalent in the world today. It provides the reader with the

knowledge needed to recognize the stones and gives the necessary, do-it-yourself instructions to painlessly remove them in the comfort of one's home. It also gives practical guidelines on how to prevent new gallstones from being formed. The widespread success of The Amazing Liver & Gallbladder Flush is a testimony to the power and effectiveness of the cleanse itself. The liver cleanse has led to extraordinary improvements in health and wellness among thousands of people who have already given themselves the precious gift of a strong, clean, revitalized liver.
