*Love can sting. Or make you fly ...*

It feels like history repeating itself for Stevie, but this time she is determined to win back her man. She isn't going to act as he might expect. She isn't going to wail and dig her heels in, she is simply going to pretend to let him go whilst she pursues a mad course of dieting, exercising and self-improvement.

And it feels like history is repeating itself for Adam MacLean too, who is also determined to win his lady, Jo, back with the same basic psychological tactics. Then he is going to initiate his master plan: Getting together with Stevie to drive Jo wild with jealousy.

So, like the Scottish country jig 'The Birds and the Bees', the couples all change partners and learn some revealing truths about each other along the way. But what happens when Adam's master plan actually starts to work? And just who will Stevie be dancing with when the music stops?
