Since 1963, The Rolling Stones have been recording and touring, selling more than 200 million records worldwide. While much is known about this iconic group, few books provide a comprehensive history of their time in the studio. In *The Rolling Stones All the Songs*, authors Margotin and Guesdon describe the origin of their 340 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the great artists who contributed to their tracks.

Organized chronologically by album, this massive, 704-page hardcover begins with their 1963 eponymous debut album

recorded over five days at the Regent Studio in London; through their collaboration with legendary producer Jimmy Miller in the ground-breaking albums from 1968 to 1973; to their later work with Don Was, who has produced every album since *Voodoo Lounge*. Packed with more than 500 photos, *All the Songs* is also filled with stories fans treasure, such as how the mobile studio they pioneered was featured in Deep Purple's classic song "Smoke on the Water" or how Keith Richards used a cassette recording of an acoustic guitar to get the unique riff on "Street Fighting Man."
